19th March 2020

Dear Parent

We are currently working through the emerging detail of the recent announcement given by the Government regarding the closure of schools to pupils until further notice. I am sure you will appreciate that these are very challenging times for schools and a rapidly changing environment. In the interests of social distancing we respectfully request that you do not approach staff today for further detail, rest assured we will update parents as soon as we possibly can with information on how we are going to apply and respond to government guidance. Many thanks for your support and understanding.

Gary Chown

Chief Executive Officer
